

Starting Your Own Business in the Digital Economy – a Mini-Workshop

Location: MetaForum, room MF 13 (MF 5.209) on the 5th floor on the North side of the building

When: May 31st 2017, from 13:00 till 17:00 (including drinks)

Do you dream of setting up an ICT startup but don't know where to start or need support to make it a reality? We can help! At the M&CS department we now have a startup coaching program.

We are curious to hear your plans & needs, and if you want to know more about this program, visit our meeting-workshop on

May 31st , from 1300h till 1700h.

Due to the exploratory nature of the workshop and to keep the discussion manageable, attendance is limited to 20-30 students. If you are interested in attending this workshop, please send an email with (short) motivation to Mirjam Otten at secsec@tue.nl.

The program will be determined when we know who is attending.

We look forward to meeting you!

The organizing committee:
